LPTV AND TV TRANSLATOR APPLICATIONS NON-MUTUALLY EXCLUSIVE PROPOSALS

Media Bureau Announces August 9, 2007 Long Form Application Deadline for Singleton Proposals

On June 23, 2000, the Media Bureau and Wireless Telecommunications Bureau (Bureaus) announced a filing window for low power television (LPTV), TV translator, and Class A TV stations.¹ Subsequently, the Bureaus released a Public Notice announcing those proposals that were mutually exclusive (MX) and providing a 60-day settlement period by which interested parties could submit settlements and/or engineering amendments to resolve their MX Groups.² During the settlement period, the Bureaus received engineering amendments to proposals in the MX Groups.

By this Public Notice, the Video Division of the Media Bureau provides Attachment A as a list of proposals that are no longer mutually exclusive as a result of engineering amendments filed during the settlement period. Since the proposals listed in Attachment A are no longer mutually exclusive with any other proposal (and are therefore deemed "singletons"), they will not be subject to the Commission's auction procedures.³ By this Public Notice, the Video Division announces processing procedures for these singleton proposals.

¹ The initial filing window for this group of short-form applications (FCC Forms 175) began on July 31 and ended on August 31, 2000. See Notice and Filing Requirements Regarding July 31 through August 4, 2000 Limited Low Power Television/Television Translator/Class A Television Auction Filing Window, Report No. AUC-00-81-A (Auction No. 81), *Public Notice*, 15 FCC Rcd 10854 (MMB/WTB 2000); see also Limited Low Power Television/Television Translator/Class A Television Auction Filing Window Partially Extended to August 31, 2000, *Public Notice*, 15 FCC Rcd 13808 (MMB/WTB 2000). On February 13, 2001, the Video Services Division of the Mass Media Bureau released an initial public notice listing singleton engineering proposals submitted during the 2000 filing window. See Low Power Television Auction No. 81 Non-Mutually Exclusive Proposals, *Public Notice*, 16 FCC Rcd 3128 (Video Serv. Div. 2001). On September 14, 2005, bidding began in Auction No. 81 among 44 qualified applicants for 113 mutually-exclusive construction permits. See Auction of Low Power Television Construction Permits, *Public Notice*, 20 FCC Rcd 14332 (MB/WTB 2005). Bidding in Auction No. 81 closed on September 26, 2005, with 39 winning bidders for 90 construction permits. See Auction of Low Power Television Construction Permits Closes, Winning Bidders Announced for Auction No. 81, *Public Notice*, 20 FCC Rcd 15322 (MB/WTB 2005).

² See "LPTV and TV Translator Applications – Mutually Exclusive Proposals," *Public Notice*, 22 FCC Rcd 3368 (MB/WTB 2007).

³ See 47 U.S.C. § 309(j); 47 C.F.R. § 73.5005(d); Implementation of Section 309(j) of the Communications Act -- Competitive Bidding for Commercial Broadcast and Instructional Television Fixed Service Licenses, *First Report and Order*, 13 FCC Rcd 15920, 15944 (1998) ("Broadcast Auction First Report and Order").

Required Application Form: The applicants listed in Attachment A must now electronically submit a correct and complete long-form application (FCC Form 346) and pay the required filing fee by August 9, 2007 pursuant to the procedures set forth herein and in the Commission's rules.⁴

The staff will return as unacceptable for filing applications not submitted in accordance with the procedures described above. The staff will dismiss, without further processing, the previously filed technical submissions of any applicant that fails to submit the complete FCC Form 346 by **August 9, 2007**.⁵

How to File: Applicants must file their long form applications electronically using FCC Form 346. **Paper-filed applications will not be accepted.** Instructions for use of the electronic filing system are available in the CDBS User's Guide, which can be accessed from the electronic filing web site at:

<http://www.fcc.gov/mb/cdbs.html>

Applicants should select the "long form auction 81" option and enter the applicant's appropriate short form application file number as specified on each applicant's short-form application.

For assistance with electronic filing, call the Mass Media Bureau Help Desk at (202) 418-26MB (418-2662).

Acceptance and Petition to Deny Filing Period. Inclusion on Attachment A of this Public Notice does not constitute acceptance of a proposal. The staff will review the submitted FCC Form 346 applications for acceptability. It will subsequently announce applications determined to be acceptable for filing and which the staff is prepared to grant. Petitions to deny these applications must be filed within 15 days following the release of the public notice announcing acceptance of the applications at issue.⁶ Interested parties should monitor these public notices.

For additional information, contact Shaun Maher (legal) or Hossein Hashemzadeh (technical) of the Video Services Division at (202) 418-1600.

⁵ See 47 C.F.R. § 73.5005. Non-mutually exclusive applicants filing long form applications may propose minor changes to the technical proposals specified in their previous filing. However, such non-mutually exclusive applicants may not specify in their application a change in the proposed facility that constitutes a major change from the facility specified during the earlier auction filing window, nor may applicants create new mutual exclusivity or application conflict. See 47 C.F.R. § 74.3572(2).
