Media Bureau Announces Procedures to Assist Television and Radio Broadcast Stations in Areas Impacted by California Wildfires

The Media Bureau announces procedures to help television and radio stations maintain or resume broadcast operations in the event their facilities are threatened or compromised by the California wildfires. For additional information, broadcast stations should contact the Media Bureau staff specified below.

Special Temporary Authority: Requests for special temporary authority (STA) prompted by the effects of the wildfires and filed pursuant to Section 73.1635 of the Commission's rules may be submitted by informal letter or email. FM, television, and low power television stations also may file requests electronically through the Consolidated Database System (CDBS). These requests will be handled as expeditiously as possible. Requests should include the following certification. "Neither the applicant nor any party to this application is subject to a denial of federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862."

AM and FM Stations: Norm Miller or Peter Doyle, 202 418-2767/2789 (Charles.Miller@fcc.gov or Peter.Doyle@fcc.gov)

Television Stations: Kevin Harding or Barbara Kreisman, 202 418-1600 (Kevin.Harding@fcc.gov or Barbara.Kreisman@fcc.gov)

Emergency Antennas: Section 73.1680 of the Commission's rules permits FM and TV stations to erect temporary antennas without prior authority from the FCC. It also allows AM stations to use a horizontal or vertical wire or a non-directional vertical element of a directional antenna as an emergency antenna. The Media Bureau waives the requirement that licensees notify the Commission within 24 hours of the commencement of operations employing such antennas. If a licensee desires to continue to use an emergency antenna, it must submit a request for STA within 10 business days of commencement of operations. This waiver is applicable to any station which ceased operations as a result of fire damage and is effective until October 31, 2009.

AM and FM Stations: Norm Miller, 202 418-2767 (Charles.Miller@fcc.gov)

Television Stations: Kevin Harding, 202 418-1600 (Kevin.Harding@fcc.gov)

Low Power Television Stations: Hossein Hashemzadeh, 202 418-1600 (Hossein.Hashemzadeh@fcc.gov)

AM Nighttime Operations: Section 73.1250(f) of the Commission's rules permits AM stations to use their full daytime facilities during nighttime hours to broadcast emergency information, provided all operation is conducted on a noncommercial basis. The Media Bureau waives Section 73.1250(f) of the Commission's rules to permit an AM licensee to operate with such facilities during nighttime hours based on the licensee's good faith determination that such operations are necessary to the safety of life or property or where dangerous conditions of a general nature exist. Licensees must notify the Commission

within 48 hours of the commencement of such operations. Authority to operate with daytime facilities during nighttime hours may be rescinded upon licensee's failure to resolve all interference complaints. This waiver is effective until September 11, 2009.

Limited and Discontinued Operations: The Media Bureau encourages any station which has discontinued operations as a result of fire damage to submit a notification and, if necessary, request authority to remain silent within the periods specified in Section 73.1740(a)(4) of the Commission's rules. The Media Bureau, however, waives the time periods provided in this rule and will accept notifications within 30 days and requests to remain silent within 60 days of the discontinuance of operations as compliant. Notifications and requests may be submitted by informal letter, email, or by filing electronically through CDBS. This waiver is effective until October 31, 2009.

AM and FM Stations: Norm Miller, 202 418-2767 (Charles.Miller@fcc.gov)

Television Stations: Kevin Harding, 202 418-1600 (Kevin.Harding@fcc.gov)

Low Power Television Stations: Hossein Hashemzadeh, 202 418-1600 (Hossein.Hashemzadeh@fcc.gov)
